## Stencil Cleaning Systems Selection Guide

### 201SC-Series

Semi-Automatic Ultrasonic Stencil Cleaning Systems. Powerful yet safe ultrasonic transducers operating at 40 kHz (sweep). Branson ultrasonic generator and transducers. Digital wash cycle timer. 29" x 29" stencil capacity.

### SonicOne

Fully Automatic Ultrasonic Stencil Cleaning System. Powerful yet safe ultrasonic transducers operating at 40 kHz (sweep). Branson ultrasonic generator and transducers. Computer controlled. 29" x 29" stencil capacity.

### 201SC-Jr. Ultrasonic Stencil Cleaner

**\$ 12,950.00**

Digital Wash Cycle Timer  
 Solder Paste Trap  
 Hand-Held Rinse Wand  
 Hand-Held Drying Airknife  
 Removes all Solder Pastes

### AQ-201SC Ultrasonic Stencil Cleaner

**\$ 17,950.00**

Digital Wash Cycle Timer  
 Wash-Tank Recirculation and Filtration System  
 Wash-Tank Heating System with Microprocessor-Based Controller  
 Rinse-Tank Pre-Drain Filtration System  
 Hand-Held Rinse Wand  
 Hand-Held Drying Airknife  
 Removes all Solder Pastes and Adhesives

### 201SC-CLR Closed-Loop Ultrasonic Stencil Cleaner

**\$ 19,950.00**

Digital Wash Cycle Timer  
 Wash-Tank Recirculation and Filtration System  
 Wash-Tank Heating System with Microprocessor-Based Controller  
 Rinse-Tank Closed-Loop Filtration and Regeneration System  
 Carbon and Resin Based Media Tanks  
 Hand-held rinse wand  
 Hand-held drying airknife  
 Removes all solder pastes and Adhesives

### 201SC-CL Closed-Loop Ultrasonic Stencil Cleaner

**\$ 19,950.00**

Digital Wash Cycle Timer  
 Wash-Tank Closed-Loop Deionization and Regeneration System  
 Wash-Tank Heating System with Microprocessor-Based Controller  
 Rinse-Tank Closed-Loop Deionization and Regeneration System  
 Carbon and Resin Based Media Tanks  
 Hand-held rinse wand  
 Hand-held drying airknife  
 Removes Water Soluble Solder Pastes

### SonicOne Automatic Ultrasonic Stencil Cleaner

**\$ 24,950.00**

Fully Automatic Operation (Wash, Rinse, Dry)  
 Wash-Tank Recirculation and Filtration System  
 Wash-Tank Heating System with Microprocessor-Based Controller  
 Rinse-water filtration system  
 Built-in Low Temperature Drying System  
 Instant Storage and Recall of Process Parameters  
 Removes all solder pastes and Adhesives
